POLICEMAN KILLED, 5 HURT AS AUTO OVERTURNS

PROBE OF DELAYS IN ALUMINUM CASE BEGUN BY SENATE

Investigation Is Directed
Against Department
of Justice.

PROBE INVOLVES POLITICAL ISSUE

Senator Walsh Sponsoring
Case; Attorney General
First Witness.

Washington, Jan. 7.—With Capitol Hill digging itself into trenches for a protracted political war, the senate judiciary committee today launched an investigation of the department of justice's alleged delay in bringing an anti-trust prosecution against the Mellon owned Aluminum company of America.

Sponsored by Thomas J. Walsh, (D) of Montana, famous Teapot Dome prosecutor, the investigation started out with the expressed purpose of learning why the department failed to take action upon a complaint, issued against the aluminum company in November 1924, by the Federal Trade Commission. It was speeded up because, Walsh declared, unless such a prosecution is started by Jan. 30, the statute of limitations will prevent any court action.

Administration leaders were watching the investigation closely, because of its political significance. They saw in it not only a direct attack on Secretary of the Treasury Mellon, but also upon President Coolidge's personal selection for the attorney generalship John G. Sargent. In the preliminary hearings, however, administration leaders did not oppose the investigation, Senator Reed, (R) of Pennsylvania, even announcing that "either the attorney general nor any other interested government official would oppose it."

Call Sargent First

The first step in the inquiry was to determine a method of procedure. There were indications that Attorney General John G. Sargent and Assistant Attorney General William J. Donovan would be the first witnesses called Walsh said he desired to have Sargent appear before the committee at once.

The investigation has as its background the issuance of an anti-trust consent decree by the federal courts of Pennsylvania in 1922, restraining the Aluminum company from "unfair practices" in restraint of trade. In November, 1924, the Federal Trade Commission cited a complaint against the company, charging it had continued its "unfair practices" down to 1922.

The department of justice then began an investigation of the complaint and in January, 1925, the then attorney general Harlan E. Stone, announced a new inquiry would have to be conducted into the company's affairs because the statute of limitations had run against prosecuting it on deeds committed in 1922.

Walsh proposed the senatorial inquiry to determine whether the department of justice has completed this second investigation and if so, to learn why a prosecution for contempt has not been initiated against the company.

NAME COMMITTEES FOR COUNCIL WORK

Citizens Should Refer All
Problems to Proper
Committees.

Citizens at times have some complaint to make, or questions to ask, relative to some existing situation in their city. Or they have suggestions for the improvement of the city. In order that everyone may know to whom such matters should be discussed, a full list of committees of city council is given below. Matters pertaining to various phases of city work should be referred to one of the members of the committee.

These committees are as follows:

Appropriations—Charles Baker, chairman; Mrs. Anna Heck, Max Adler.

Claims—Mrs. Anna Stratton, chairman; Clifford Woods, Charles Baker.

Finance—William Probert, chairman; Ed Haley, Max Adler.

Licensing—Charles Baker, chairman; Mrs. Anna Heck, Ed Haley.

Police—Mrs. Anna Stratton, chairman; Mrs. Anna Stratton, Max Adler.

Ordinances—Max Adler, chairman; Charles Baker, Clifford Woods.

Severance—Clifford Woods, chairman; Mrs. Anna Stratton, William Probert.

Streets, alleys and sidewalks—Ed Haley, chairman; William Probert, Clifford Woods.

Taxes—Charles Baker, chairman; Ed Haley, William Probert.

Water—Max Adler, chairman; Mrs. Anna Heck, Mrs. Anna Stratton.

EIGHT KILLED, 207 HURT BY AUTOS HERE IN 1925

Nearly 500 Auto Accidents
In Traffic on the Roads
Leading Into City.

During 1925 in and near Salem eight persons were killed, 207 persons were injured and about 500 autos were damaged in some 350 to 400 auto accidents. In 1924 five died in auto accidents, and 110 were injured.

Seven of those killed or who died from injuries were run down while walking on streets or roads, or were in machines that collided with others or were ditched. One was killed at a grade crossing.

The 207 persons listed as injured is the actual check of those reported, but it is believed fully 100 others were injured, concerning whom no report was made.

The same is true with the number of accidents and machine damaged. Garage men believe over 500 machines were damaged, more or less seriously, during the year, and also believe the number of accidents was over the half thousand mark.

A large majority of these accidents were minor ones, such as skidding into the ditch.

Of the accidents reported 52 persons were injured in 45 collisions; 41 were hurt on account of the reckless driving of 26 motorists; 38 were injured as 32 cars were ditched; 34 persons sustained some injury when 22 machines skidded.

Fifteen machines ran down and in.

REPORT OF GRAND JURY DUE TODAY

The January grand jury which has been in session since Monday morning is expected to visit the county jail Thursday afternoon, following which it will present its report to Judge James G. Moore.

As high as 30 witnesses have been examined during one session which has established a new high record for one day in grand jury work.

No intimation has been given relative to the probable number of indictments found.

Book Club to Open Public Rest Room

While the rest room being opened by the Book club, on North Lundy st. just back of the State theater, is not entirely furnished, it will be open to the public Friday, and women are invited to use it.

This room is the old hitching barn office and it has been made comfortable with a couch, easy chair and table. If desired, committee meetings can be held there.

PLAN TO ABOLISH RAIL LABOR BOARD GIVEN PRESIDENT

Managers and Employees of
Railroads Unite on a
New Proposal.

PLAN MEDIATION OF ALL DISPUTES

Extreme Mandatory Powers
of the Board Would
Be Abolished.

Washington, Jan. 7.—The men who finance and manage the great railroad systems of the nation and the men who actually operate them, presenting a united front, today laid before President Coolidge a proposal for abolition of the much-discussed railroad labor board, and substitution thereof of another agency, less obnoxious to capital and labor, yet still affording "adequate protection to the public."

The new proposal, it is understood, contains features embodying regional adjustment, mediation and arbitration of all railroad labor disputes, without the extreme mandatory powers now vested in the labor board which are so distasteful to managers and employees alike.

Should President Coolidge concur in the idea that the new agency will be so constituted as to protect the public interest, he will immediately recommend its enactment by congress, for in his annual message to that body he said:

"I am informed that the railroad managers and their employees have reached a substantial agreement as to what legislation is necessary to regulate and improve their relationship. Whenever they bring forward such proposals, which seem sufficient also to protect the interest of the public, they should be enacted into law."

Today, he heard from the representatives of the powerful railway brotherhoods that a mutually satisfactory plan had been worked out. This was in confirmation of what he had been told by Alfred P. Thom, general counsel for the association of railway executives.

Both sides were chary of discussing the precise terms of the proposal, pending presidential approval. They agreed, however, that it would assure the general public adequate protection in the event of wage or working disputes. Both stated that reasonable assurance would be given there would be no cessation of labor in event of a difference.

The managers, at their annual meeting on December 21, endorsed the plan. The workers brought forward their agreement today.

The railway labor board, ever since its inception, has been a distinct thorn in the sides of the owners and of labor.

The executives have protested against its order governing wages and working conditions.

The workers have protested against its orders seeking to force them to work after issuance of strike orders.

Both claim that the law which established the board has no enforcement teeth, and various points at issue have been carried to the federal courts.

Both agree that it should be abolished. In this, they meet with the approval of many members of both houses of congress.

TEACHER FAILS TO REPORT FOR DUTY

New Prospect St. Room Not
Opened Because Teacher
Sends no Word.

Because a teacher, who had been secured by Supt. of Schools John S. Alan, failed to report for work this week, and from whom no word has since been received, one of the two new rooms at Prospect grade school was not opened this week, it was learned today.

It had been planned to open just one of the rooms for the time being, and some time ago Supt. Alan secured an instructor for the one room, who was to report Monday. Plans had been made for the opening of part of the pupils from an overcrowded room to this new room.

The teacher, without notifying the superintendent, failed to report and plans went awry. An effort is being made to secure another teacher.

Vesuvius Erupts

Naples, Jan. 7.—Mount Vesuvius was in eruption today after a silence of eight months. Copious flow of lava was visible from the greater crater.

It had been planned to open just one of the rooms for the time being, and some time ago Supt. Alan secured an instructor for the one room, who was to report Monday. Plans had been made for the opening of part of the pupils from an overcrowded room to this new room.

The teacher, without notifying the superintendent, failed to report and plans went awry. An effort is being made to secure another teacher.

After making the identification, Russell resumed the clamlike silence he has maintained in the asylum here. When questioned he waved interviews aside with the remark, "that is all I have to say."

Federal Grand Jury Begins Investigation Of Wholesale Murder Of Wealthy Indians

Guthrie, Okla., Jan. 7.—With the veil of secrecy more tightly drawn, the federal grand jury investigating alleged wholesale murders of Osages, the world's wealthiest Indians, resumed today after a short recess yesterday afternoon.

Olive Pagan, government's expert indictment from Washington, with additional attorneys from the Department of Justice at Washington, were here today and went into conference with United States District Atty. Roy Lewis, Assistant Atty. Gen. Edwin Brown, who is in personal charge of the inquiry, and federal judge, John H. Cotteral.

Reports that differences over handling of the case between state and federal officers had caused sudden recessing of the tribunal yesterday when 200 witnesses were in the corridors awaiting call, were given added credence today when it was learned Assistant Atty. Gen. Edwin S. Dabney of Oklahoma, arrived from Oklahoma City soon after the recess was taken.

After a conference with federal of-

ficers, Dabney said today that if the states sincerely were questioned, the government would be given immediate custody of W. K. Hale, "king of the Osage Hills," and Ernest Barkhart, the alleged ring leaders of the "murder ring," now under state arrest in connection with dynamiting the home of W. E. Smith of Fairfax and killing the remaining heir to a large Osage fortune.

The two are under heavy guard in jail here in the custody of states secret service operatives.

One of the rumors said to be under investigation is that insurance policies have been taken as security for loans to Indians who later met death in mysterious manners. Indians who drew \$1,000 a month in royalties from the government on oil royalties were said to borrow huge sums from white capitalists who in turn took a police for security.

The presence of numerous Oklahoma insurance agents among the witnesses has indicated the government intends to investigate this alleged practice.

Dawes Memory Plays Him Trick

Washington, Jan. 7.—The memory of Vice President Charles G. Dawes has played him another trick, it developed today.

Last night the vice president and Mrs. Dawes attended a dedication banquet at the Hamilton Methodist church. When the ceremonies were over, the church women presented Mrs. Dawes with a huge bouquet of flowers, explaining it was her birthday.

Gen. Dawes was dumfounded. Somewhat embarrassed, he said:

"I'm sure Mrs. Dawes will doubly appreciate this. I forgot it was her birthday and didn't get her anything."

The vice president once forgot to turn on an alarm clock while taking a nap, and his absence from the senate floor cost Charles B. Warren of Michigan the attorney generalship. Warren was defeated by one lone vote.

TRAIN HITS AUTO, HUCKSTER KILLED

Walter Harlan, 62, Killed
at Sebring Crossing
Early Thursdy.

Sebring, Jan. 7.—(Spl.)—Walter F. Harlan, 62, a huckster, was instantly killed when the touring car he was driving was struck by a westbound Pennsylvania flyer at the Twelfth st. crossing here at 7:45 a. m. today.

Harlan, apparently not seeing the train coming, drove onto the tracks just as the train, traveling fast as it was late, neared the crossing. It was reported Harlan had but a moment to spare and did not get across in time.

The machine was dragged 200 yards down the track, and the body was found about 100 yards from the crossing, at which there are no gates or watchmen.

Harlan was dead when picked up by the train crew. Physicians say nearly every bone in his body was broken.

Surviving are his widow and five children. The Harlan home is on the Sebring Alliance rd. Funeral arrangements are being made today.

Newton, N. J., Jan. 7.—Caught in the belt of machine on which he was working Harry Losler of Ogdensburg, N. Y. was thrown heavily to the concrete floor of the factory and killed.

STRIKE OF MINERS NEAR SETTLEMENT

New York, Jan. 7.—The strike of 150,000 anthracite coal miners is on the road to a settlement, despite intimations that the miners-operators conference is on the verge of a break up.

The actual peace plan is under consideration, and a definite agreement to end the strike, now in its fifth month, can be anticipated at any time, probably within the next few days.

It was predicted today, in a source fully informed and absolutely reliable, that it would take no more than three more meetings of miners and operators to reach the agreement—probably not that many.

Neither the operators nor the miners, as they prepared to go into secret conference again today, would discuss this peace plan, but, significant-

TWO WOMEN, GIRL BADLY INJURED

John Lillick, H. L. Groves,
Patrolmen, May Not Re-
cover from Injuries.

Alliance, Jan. 7.—(Spl.)—When the auto in which they were riding upset on the Canton-Alliance rd. near Freeburg late Wednesday afternoon, one Alliance police officer was killed, two others were probably fatally injured and two women and a girl were hurt.

Sergeant W. A. Taylor, 55, desk officer at Alliance police headquarters since Dec. 1, died almost instantly from a broken back, a fractured skull and other injuries.

Patrolman John Lillick, 48, had his spinal cord nearly severed and physicians say he has no chance to recover.

Patrolman H. L. Groves, 36, sustained a fractured skull and other injuries. He has but a fighting chance to recover.

Mrs. Grace Hanley, 54, is suffering from a strained back.

Her daughter, Imogene, 12, has a fractured skull, but hope is held out for her recovery.

Mrs. William Hedges, driver of the car, sustained but minor injuries.

The party was one of several on the way to the inter-city banquet of the Fraternal Order of Police in Canton.

Skids, Turns Over
The two women and the girl were in the front seat and the officers were in the back seat.

As the machine neared a truck on the road, Mrs. Hedges attempted to turn out and go around it, but the car swerved, skidded into the ditch and overturned.

The officers were thrown clear of the car, the top of which was ground to dust. The women extricated from the wreckage, were the least injured. All were rushed to the Alliance City hospital in machines of passing motorists.

Taylor, one of the veterans of the police department, leaves a widow and two children, and a brother.

Funeral service will be held at the home here at 10:30 a. m. Saturday, and the body will be taken to Church Hill, Trumbull county, where a service will be conducted at 2:30 p. m. and burial will be in that town.

Patrolman Lillick is an uncle of Mrs. Hedges, the driver. Patrolman Groves was a roomer at the home of Mrs. Hanley.

All the injured, with the exception of Mrs. Hedges, are in the Alliance City hospital.

SUSAN BENEDICT, AGED 85, IS DEAD

Heart Trouble is Fatal to
Salem Woman After a
3 Weeks' Illness.

Susan B. Benedict, aged 85, widow of Edward A. Benedict, died at 9:30 a. m. Thursday at her home after a three weeks illness of heart trouble.

Susan Hathaway, daughter of Caleb and Rachel Wood Hathaway, was born May 16, 1840, near Milan in Erie county, Ohio. She obtained her education in district schools, a Friends academy and Westown (Pa.) Boarding school. For ten years preceding her marriage she was engaged in school teaching, both in district and private schools. On Oct. 24, 1867, she was united in marriage with Edward A. Benedict of the Alum Creek Friends settlement in Morrow county, Ohio.

In March, 1869, she with her husband and child, moved to Salem, where she had since resided. With the exception of the first year the home has been on Newgarden st.

The deceased was a birthright member of the Gurney Friends church, of which she was an active and faithful member, holding important positions in both the Quarterly and Yearly meetings. In 1922 she with her family, united with the First M. E. church of this city and as long as health permitted was active in its varied interests, especially in the Sunday school and Foreign Missionary society.

She is survived by one son, Carlos Christy, and one daughter, Mary, both at home.

She was the best of her immediate family. Her husband preceded in death by seven years.

Funeral service will be conducted at the home, 23 Newgarden st., at 2:30 p. m. Saturday in charge of Dr. E. S. Collier, assisted by Rev. Charles E. Haworth. Burial will be in Grandview cemetery.

HIGHER EDUCATION

Now comes an English educator with the warning that "the world is not organized or prepared for a much higher level of intelligence than it already has." Though England sends only a small percentage of her youth through secondary schools, he says that they have difficulty in finding employment in which they can use their higher education. Only the other day some speakers at a local meeting produced statistics to show the position of the American "white collar" group has not been improving in recent years.

With more than 1,250,000 unemployed in Great Britain and the Chancellor of the Exchequer working constantly to keep down national expenditure, education is an even bigger problem in England than it is here. Lord Eustace Percy, the Minister of Education, is a progressive worker for education and during his term in the Baldwin government he has battled hard for larger educational appropriations. In his fight he has been urged on by the Labor Members of Parliament who insist, contrary to the advice of Prof. McDuff, whose words have been quoted, that the higher England's educational standards the more prosperous will be the country.

The opportunities for higher free education are not so good in England as they are in the United States. It is also a fact that the American youth has a better chance than the English boy of obtaining advanced training in technical work calculated to fit him for the trades. The percentage of boys who complete courses in technical high schools is much higher here than in England and Wales. Incidentally, the United States Navy conducts schools for its sailors which fit them for a variety of trades after they leave the service.

The "white collar" group is much more comprehensive in America than in England. Perhaps one of the reasons is that our system of free education permits those who are engaged in trades to continue longer in school than is possible in England. If the subject is approached from the economic angle there is no question that higher education is to be encouraged. It is almost axiomatic that the keener the mind the better is the workman; that holds for the trades as well as the professions. Production and the standard of living tend to improve with the development in educational opportunities. English educators are justly proud of the standards set in their elementary schools, but they have still to solve the problem of utilizing the country's youth in a manner which will permit the expansion of the "white collar" group.

MEDDLESOME TENDENCY
Rather extensive inquiry has been made among internal revenue officers as to whether publicity of income tax returns, which has been in force for two fiscal years, does any good; that is to say, whether it aids the government at all in the detection of fraudulent returns. The unanimous testimony is that it does no good.

Still in the face of this impressive evidence of the uselessness of the policy, members of the insurgent Republican group in the senate expect to make a hard fight for the restoration of the publicity feature to the pending bill. This is done in the name of progressivism, which has come to mean something very different from progress. The so-called Progressives often put themselves in the position of seeming to be willing to stand for anything that can possibly be represented as being in the common people's interest, whether it really is or not. They often appear to be more eager to seem to do something to the popular advantage than actually to do something of that sort, in which respect it must be admitted they are strikingly like other politicians.

It is to be hoped that the effort to continue the publicity of income tax returns will fail. It is pretty well established that it does no good at all and the meddlesome tendency of the public service should be checked.

Q. Do seals swim at a rate of 60 miles an hour? R. C.

A. No accurate information is available on the speed which seals attain while swimming. A fine seal and a human swimmer would probably swim at about the same rate.

Q. Is Baccarat a French game? R. A. K.

A. Baccarat is of Italian origin.

Q. What is dew? R. F. P.

A. Dew is moisture condensed from the atmosphere, including the air contained in soil, and gathered in small drops on the surface of plants and other bodies, which radiate heat, but cannot it away. Frost is formed on bodies when the dew point is below freezing point.

Q. Are geared locomotives used anywhere besides on roads having steep grades and very sharp curves? R. L. A.

A. Geared locomotives are often used in quarries, pit mines, industries, switching, and construction work, in fact whenever temporary tracks have to be dealt with.

Q. How long will white flour keep? H. O. H.

A. Under proper storage conditions flour should keep entirely satisfactorily for three months. Much of the high grade wheat flour is kept for a considerably longer period of time, even for a year or more and such flour is satisfactory for bread making purposes.

Q. Are the dummy clocks in front of jewelry stores set at the hour of Lincoln's death? W. W. R.

A. There have been stories connected with the death of Lincoln, that the position of the hands is commemorative of the hour of his death, but this story can be shown to be false from the simple fact that the hour of the death of Lincoln was not at 8:22 o'clock. Further, the use of this position of the hands of the clock is believed to have preceded Lincoln's death.

Q. Why didn't the Continental army bombard the British under Howe when Boston was evacuated? C. E. M.

A. Some historians state that shortly before the evacuation of Boston by the British, Gen. Howe directed his army to bomb the city if any attempt of bombardment was made. Unofficially and informally a sort of agreement was entered into between the opposing forces that if the British were not attacked on embarkation, they would leave the town substantially as it was. There was no formal communication between Washington and Howe, but this was an understanding. Washington also was obliged to use his artillery sparingly.

Q. Why are Turkish towels so called? A. E.

A. Turkish towels are so called because the material from which they are made resembles a cloth of Turkish manufacture.

Q. When and where were scissors first used? G. W. E.

A. It was formerly believed that scissors were invented in Venice in the 16th century, but records show that implements similar to our modern scissors were in use very much earlier than this period. In the remains of Pompeii, shears were found made of iron and steel as well as bronze. Scissors were also in use in various Oriental countries from a very early period. It is stated that those manufactured in Persia were copied from the Persian. The Oriental scissors were very much ornamented and frequently in the form of a bird the blade forming the beak.

Q. It is said there is a way a warship in the French navy that is called the Jean Bart. Why is this? N. S. C.

Brookhart Objects To Entire Recount

Washington, Jan. 7.—Notice was served today on the senate elections committee investigating the Brookhart-Sikes senate election contest that Senator Smith W. Brookhart (R-Iowa), would object to the recount as a whole because an opportunity existed to tamper with the returns from 87 precincts.

Jed G. Mitchell, counsel for Brookhart, entered the objection, asserting approximately 30,000 ballots were received unsealed in Washington.

Marriage Licenses

A marriage license has been issued to Carl Richter, an electrician residing at Youngstown, and Elbert Siebert, daughter of Mr. and Mrs. Charles Siebert, of Salem, but former residents of Youngstown. The couple will be married by B. E. Rutzky of Salem.

A marriage license has been issued to Dan M. Miller, 22, son of Mr. and Mrs. Mark Miller, and Mary E. Riddle, 16, daughter of Mr. and Mrs. George W. Riddle, of Lisbon. They were married Wednesday night at Christian church parsonage by Rev. R. J. Bennett.

Both young people are students. Mrs. Miller is attending the Lisbon High school. The groom is a college student. The father of the groom is retired from business, but for many years was prominently identified in the oil industry. The father of the bride is a contracting plumber. Both young people are socially prominent in Lisbon.

Literary Club

Brooks Emery gave a fine talk relating to life in France and England when Miss Judith Brooks entertained her associates of the Literary club at a tea Wednesday afternoon at her home, Highland ave. This talk was much enjoyed by the members. Miss Brooks and Mrs. Walter Deming told of their trip abroad last year.

Southside Club

Southside club associates and their families enjoyed an oyster supper Wednesday evening at the home of Mr. and Mrs. Ed Grubbs, Lisbon rd. Cards was a favorite pastime during the evening of pleasure. On Jan. 14 the members will meet with Mrs. Samuel Hall, Lisbon rd.

Mrs. King Hostess

Club associates of Mrs. William King were her guests at a luncheon bridge Wednesday at her home, East Sixth st. Two tables were in play and the prize winners were Mrs. Virgil Battin and Mrs. Charles Kauderer. Mrs. M. E. Trent was an invited guest. In two weeks the members will meet a gain.

Garnet Club

Fancywork occupied the hours at an assembly of Garnet club members Wednesday afternoon at which Mrs. John McConner was hostess at her home, Lisbon rd. The hostess served a fine lunch. A meeting in two weeks will be with Mrs. Joseph Tolp, Lisbon rd.

Homemakers Club

The Vernal Grove Homemakers club will meet Saturday afternoon with Mrs. Josephine Murdock, Salem-Winona rd.

George Emery returned Wednesday night to Hotchkiss school, Lakewood, Conn., after spending the holidays with his parents, Mr. and Mrs. F. J. Emery, Cleveland ave. His brother, Latham, has also returned to Cornell university to resume his studies.

Mrs. Laura Gerber of Greensburg, Pa., who was called to Alliance by the death of her brother-in-law, Hyatt Hyatt, spent Wednesday night with her cousin, Mrs. Amelia E. Walker, Franklin ave., and left Thursday for her home.

Mrs. Twing Seeds, who underwent an operation for goiter Wednesday morning at the Central Clinic hospital, was reported Thursday morning to be getting along well.

Mrs. Frank Harris returned Wednesday evening from Youngstown, where she visited her sister, Mrs. Lucius McKelvey.

**Color Always
Lightens Black**

Few indeed of the modish dresses of today are all-black. This afternoon dress uses chin-chilla bands and oxydized braid to brighten it.

Ruth Circle

The Ruth circle of the First Friends church will meet at 8 p. m. Friday at the home of Miss Theima Bonner, Ellsworth ave. All members are asked to be present.

Miss Ruth Boyer of Toledo, is visiting at the home of Mr. and Mrs. James Probert, East Seventh st.

Mrs. Louise Tierman, of Salem, has been admitted to the Salem City hospital for medical treatment.

William Kutter is ill of grip at his home in Newarden st.

NAB POLICEMEN IN LIQUOR RING

**Moonshine Liquor Ring of
Vast Proportions Bared
in Cincinnati.**

Cincinnati, O., Jan. 7.—A moonshine liquor ring of vast proportions had been recovered today by the federal authorities, according to the opinion of the district attorney's office, the largest bootleg ring since the one headed by George Remus.

So far ten persons have been arrested, including two policemen and two women. These arrests are only preliminary to roundup of higher ups and more arrests may follow any moment. It was intimated that several more policemen might be involved. A millionaire bootlegger, living in one of the cities on the Kentucky shore of the Ohio river, is said to be the leader of the ring. The ring, it is said, had its headquarters in Campbell county, Kentucky, and distributed from points in various parts of northern Kentucky and Cincinnati, turning out about 1,000 gallons of moonshine liquor a day. Tens of thousands of gallons of moonshine have found their way into Cincinnati and adjoining cities recently from this source.

ENGLISH VILLAGES ARE UNDER WATER

**Flood Conditions in France
and England Serious; Aggravated.**

London, Jan. 7.—Floods in the Thames valley were seriously aggravated today by a renewal of the heavy rainfall. A number of villages and small towns were reported completely under water.

Paris, Jan. 7.—All trains were diverted from the Invalides railroad station to the depot Montparnasse today owing to a sudden rise of the Seine which threatened to flood the tracks.

The Seine rose 30 inches during the last 24 hours and this morning it was creeping menacingly upon the suburbs of Paris. This year's deluge, however, is still five feet below the high mark of 1924 and eight below the disastrous washout of 1910.

Except for these two record marks the rise of the waters this year exceeds any since 1882. Creil, Nogent, Montataire have been flooded and 10,000 are out of work.

The night express from Brussels was hours late in arriving, long stretches of track having been completely hidden from sight by the waters.

GRANGE APPOINTS 1926 COMMITTEES

At a meeting of Perry grange Wednesday evening the master announced these committees to serve the ensuing year:

Mrs. William F. Atley was installed as secretary. The master stated that every member of the grange was on the reception committee.

Future prospects of the Grange of 1926 was the subject of a talk by Mr. Van Blaricom.

Miss Ava Barnes began her surprise for the evening which consisted of contests, prizes and stunts. In the evening the winners were Helen Newhouse, Orla Dube, Bertha Zedler and Mrs. J. E. Bates.

EMERY SPEAKS AT SCHOOL ASSEMBLY

**Conditions in Europe Are
Explained to High
School Students.**

Brooks Emery, who has spent the last two years in Europe, making a study of the conditions there, gave a very interesting talk on "International Reconciliation" at an assembly of the High school students Thursday morning. The speaker was introduced by Supt. of Schools J. S. Alan.

Mr. Emery said that Europe is taking up this subject and giving much time to it, and that it will be up to this generation and the next to take charge of it.

The speaker thinks that the United States' foreign policy is not what it should be, because this country is not taking enough interest in international problems. This is due probably to the fact that the United States was not affected by the war as were the foreign countries. "The German people," he stated, "realize the situation and are educating their young people to it."

Mr. Emery, in his talk also touched on the League of Nations assembly and stated that many problems could be solved by such. He said that there is a secretary there at all times to register all treaties, and to see that there are no secret ones made.

He also explained to the pupils the World Court and thinks that it will be a success, only when it has as much prestige as the United States supreme court.

Mr. Emery said that before the war Europe was a number of states ready to fight at any moment but since the war all are co-operating and striving for peace.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medicinal discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist Creomulsion Company, Atlanta, Ga. (adv.)

START CAMPAIGN TO HOLD POSITION IN WORLD TRADE

1925 Industrial Production
Estimated at Eighty
Billion Dollars.

Washington, Jan. 7.—With industrial production in 1925 estimated at probably \$20,000,000,000 and foreign trade of over \$9,000,000,000, the department of commerce has inaugurated a campaign to maintain through 1926 America's sound position in domestic and world trade.

Officials predicted today that foreign trade for 1926 will exceed \$10,000,000,000. American sales abroad are expected to reach \$5,200,000,000. Value requirements of this country for foreign goods will approximate \$4,000,000,000.

Although exact figures are not yet available, the country's exports for 1925 were approximately \$4,888,000,000 with imports of \$4,206,000,000. Exports increased about \$295,000,000 over 1924, while the import increase was about \$225,000,000.

The greater import increase is attributed to the vastly rising domestic consumption in the United States, and a consequent heavier demand of manufacturers for raw materials, and to the bigger market abroad for American finished products.

These figures are held by experts to demonstrate conclusively the noteworthy advance made by business and industry of the country to the most substantial position since the war.

America's best market was Europe which took goods valued at about \$2,000,000,000, according to estimates.

ROBITUARY

Mrs. Mary Cavanaugh, mother of Mrs. D. B. McCune of this city, died at 7 p. m. Wednesday at her home in Wheeling, W. Va., following a brief illness.

Mrs. Cavanaugh was 81 years of age and for many years had been a well known and respected resident of Wheeling. Surviving are her husband, J. J. Cavanaugh, and three daughters, Mrs. C. P. Ambrose of Berkeley Springs, W. Va., Mrs. D. B. McCune of Salem and Mrs. Harry Gompers of Wheeling, W. Va.

Funeral service and burial will be held Saturday morning at Wheeling.

LUTHERANS SELL CHURCH BUILDING

Colored M. E. Church Gets Possession of Lundy St. Property.

Announcement was made Thursday that the deal had been closed for the sale of the Emanuel Lutheran church building, on South Lundy st., to the congregation of the Colored M. E. church, and its regular services will be held there Sunday. Rev. I. L. Ellison, district superintendent, is in charge of the work here.

This congregation was started in Salem a little more than a year ago, and the church has a membership of 21. The services have been held at the homes of the members.

The Emanuel Lutheran congregation will hold its services in the parish hall, on Broadway.

RHEUMATISM, NEURITIS, PAIN

"Heet" Relieves Instantly

With applicator attached to cork, just brush "Heet" over the pain area, whether in knees, feet, legs, hands, shoulders, back, neck or body. Instantly you feel this harmless, glorious, penetrating heat draw the pain, soreness and stiffness right out of the aching or swollen joint, muscle or nerve. Besides, "Heet" scatters the congestion and establishes a cure.

"Heet" contains two soothing, penetrating ingredients, too expensive to use in ordinary liniments or analgesics. "Heet" is a clean, pleasant liquid; doesn't stain, blister or irritate the skin and costs only 50 cents at any drug store. ADV

SMALL BEGINNINGS SHOW BIG RESULTS

Many great enterprises begin in a small way. Many a successful advertiser has begun by using classified advertisements in a modest way. These brought good returns, which enabled the business to be developed, and eventually large advertisements were profitably used. Intelligent use of the little ads in The Salem News either by advertiser or reader will prove to you.

Miss Vanderbilt Is Earl Smith's Bride at Elaborate Rites

New York, Jan. 7.—With the same pomp and ceremony that attended her wedding in Newport, last summer, Miss Consuelo Vanderbilt, youngest daughter of Mr. and Mrs. William K. Vanderbilt 2nd, will be married at 4 o'clock this afternoon in the sumptuous drawing room of her mother's mansion at 656 Fifth ave., to Earl E. T. Smith, son of Sidney J. Smith and Mrs. C. Whitney Carpenter, Jr.

Unlike the marriage of Muriel to Frederick Cameron (church, however, a Catholic priest will officiate in place of a Protestant minister, which will permit Miss Vanderbilt actually witnessing the rites as she abstained from doing at her older daughter's wedding.

Rush to Obtain Dog Licenses Is Noted

Lisbon, Jan. 7.—There has been a decided rush to obtain dog licenses

during the last few days, and a total of 1,967 have so far been granted. Deputy tax collector Randall Hamilton Tuesday afternoon turned over to County Auditor Charles E. Hamilton a fund of \$1,150.40 which has been placed to the credit of the Dog and Kennel fund by County Treasurer John Pike, this being the first credit to this fund this year.

No more cheap claims will be paid from this fund until next December, according to a law passed by the last legislature.

Two Shot as Result of Lovers' Quarrel

Toledo, Jan. 7.—Roy Austin, 42, is dead, and Katherine Sarka, 30, is lying at the point of death at St. Vincent's hospital today as a result of a lover's quarrel, when Austin shot the woman and then committed suicide.

The shooting took place at the rooming house of the woman in Putnam st. late last night. Austin called at her home and asked her to go out with him. They quarreled. He pulled a gun and shot her twice through the breast as she died, then turned the gun on himself, firing one shot through the temple. He died instantly.

TRAFFIC IN HUMAN BEINGS ENORMOUS

Thousands of Aliens Being
Smuggled Into Florida
From Havana.

Washington, Jan. 7.—Far more widespread than rum smuggling along the lower Atlantic seaboard is the rapidly increasing international traffic in human beings through which thousands of aliens enter the United States annually by the way of Cuba and Western Florida. It was disclosed here today.

Suppression of the alien traffic is

Daily Fashion Note

This is an unusually clever way to develop a frock of dove-colored flax crepe. The back hangs in straight lines, but the front features a marquis vestee, a shirred front and a smart version of the bolero. There are gathers at the shoulders on either side of the front, the back being extended forward to form a yoke effect. This model is also suited to development in the satin crepes. Medium size requires 3 1/4 yards 36-inch material.

Pictorial Review Printed Pattern No. 2866. Sizes 14 to 18 years and 34 to 42 inches bust. Price, 45 cents.

among the objects of the new anti-smuggling treaty which soon may be concluded with the Cuban government.

Information obtained by the International News Service disclosed that through a new underground railway—comparable to the famous channel by which negroes were spirited out of the south during slavery days—a constant stream of foreigners is moving northward from the Florida swamps.

An organized smuggling system has been developed in Havana. More than 10,000 Chinese, Russians, Poles and Southern Europeans are now in Cuba awaiting their turn to slip into the United States, according to well authenticated reports.

For a consideration, ranging from \$50 to \$250 the foreigners are equipped with American clothes and placed on Cuban fishing shacks for their trip to the "promised land."

Most of the Cuban fishing is done off the south west coast of Florida and from these fishing shoals the aliens are smuggled ashore in small boats.

Once in Florida the aliens are hidden away in the everglade swamps until they can be moved south, about the wild morasses and the snake-ridden jungles of the Withlacoochee and Suwannee rivers are said to be numerous dens where the foreigners must await a chance to go to the northern cities.

Faced with the danger of fever, hardships and not infrequently starvation the lot of thesefortunates is declared to be frightful.

Liver Trouble Now a Known Cause of Premature Old Age

Medical science knows that poisonous waste in our bodies would actually cause death in a few days if not eliminated by Nature's processes. Because it destroys those deadly poisons, the liver is our most important organ—the body's wonderful purifier.

The liver prevents the formation of body poisons that cause diseases of the heart, kidneys, blood vessels and are chiefly responsible for premature old age.

When the liver becomes weak, the poisons are sucked up by the blood and health is broken down. Physicians know that the liver cannot be regulated by drugs, but a safe Nature substance has been discovered which will at once increase the vital bile supply. The discovery is purified ox gall.

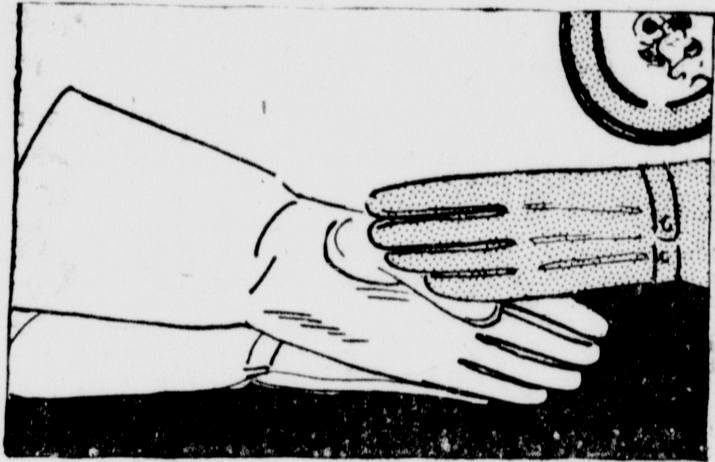

Get from your druggist a package of Dioxol. Each tablet contains ten drops of purified ox gall. In 24 hours the poison toxins will be removed. Your liver will be regulated. Blood purification will begin. Sallow skin will clear. You will feel so much better you will know you have found the cause of your ill health. Dioxol tablets are harmless, tasteless and cost less than two cents each.

These genuine ox gall tablets are prepared only under the name "Dioxol." If any tablet is offered you under another name, refuse it. Accept only Dioxol in the original genuine package. Test Dioxol free. Mail this coupon now.

Letters and Questions About Health

By Dr. Lewis Baker and Associates

An Advertisement Informing
The Public in a Common-sense Manner How To
Distinguish The Simpler Ailments And Symptoms,
And the Right Remedies For Treatment. Each Medicine
Possesses The Highest Qualities For The Purpose Intended.

Muddy, rough skin, the dandruff covered scalp, the odorous armpits or feet are equally served by Blackheads and other skin faults are quickly banished by using this first of soaps. Testimonial letters from doctors, nurses, hospitals, colleges and the public, and I am sure that my many readers will likewise proclaim "This is a real blessing to humanity." It has delicate fragrance but no medicinal odor.

T. A. B. writes: "Have been reading your paper for several years, and regret that I doubted the truth and genuineness of testimonial letters, so I addressed letters to them and got replies from all but one. All praised and verified your every claim. I need a true laxative, to avoid constipation. Do you advise this or liquid?"

Answer: All letters published are guaranteed genuine. I recommend "Casc Royal" pills as best suited to relieve constipation of children or adults.

S. A. J. writes: "I am weak, nervous, run-down and pale, and am sure I need a good tonic. What do you advise?"

Answer: The fine tonic properties and digestive aids in Cadomene Tablets should be adapted for such condition due to an anemic, undernourished blood stream. Take regularly for several weeks or months as your case requires.

D. B. B. asks: "I want medicine to aid the kidneys and bladder. Have frequent urination and flow is not normal. Have to get up five or six times at night because of irritation or pressure of bladder."

Answer: I suggest you use Balmwort tablets, which are exceptionally effective in relieving and overcoming such symptoms.

R. C. R. asks: "Can you advise a medicine which will tend to relieve a case of piles? Also troubled with pimples and boils."

Answer: If you have this trouble, take Suthol Tablets. They contain purified sulphur, cream of tartar and mild herbal ingredients which act most favorably in constipated conditions.

R. C. K. asks: "Will you kindly send me a remedy for severe headache due to neuralgia?"

Answer: I recommend Mentho-Laxene as the most effective and safe remedy for neuralgia. It is quite inexpensive, and children take it willingly as the taste is pleasant.

Note: Dr. Lewis Baker, Medical Director of The Blackburn Products Co., 312 College Bld., Dayton, Ohio, will send his valuable guide "Health and Beauty," to any address upon receipt of 10c. Coin. The trustworthy medicines used, can be obtained at all leading druggists.

LETTERS TO DR. BAKER

"A Friend and Blessing"

SOUTH BOSTON, MASS. Mrs. Elmer Burbank, 530 Sixth St., writes: "My little daughter, Dorothy, who has suffered from disagreeable colds and cough, has at last found something that is truly a friend and blessing to both of us and that wonderful something is Mentho-Laxene. After trying every remedy known to me I find Mentho-Laxene by far the best. I highly recommend it anyone who is kept awake night by hard coughing, etc."

Balmwort Claims Fulfilled

STAYTON, MASS. H. R. Drake, Jr. writes: "I was getting up two or three times a night, when I read about Balmwort Tablets. He taken them with good results and do not have to get up anymore. These tablets are all that you can find for them and you can print my letter, etc."

Cadomene Give Strength and Weight

CENTERPORT, L. I. Mrs. Will M. Hyman, P. O. Box 61, writes: "I trust Cadomene Tablets will do for others what they have done for me. I was nervous, run-down and lost 45 pounds. Have taken the two weeks and feel like my old self again." (A later letter reads): "I still taking Cadomene, feeling fine and gaining strength and weight every day. Gratefully, etc."

Nothing Better To Abort Colds

SOUTH FORK, PA. Mrs. R. L. M. Smith writes: "This winter I have used Mentho-Laxene Salve (Triph Strength) at the first sign of a cold and have broken them up before fully developed. Nothing better, etc."

Thousands Write Like Statement

SAN FRANCISCO, CALIF. Mrs. Smith, 1600 Fell St., writes: "I have used a box and a half of Casc Royal Pills and I feel like a new woman. They have my bowels in perfect condition, after suffering years with constipation. I can't praise them enough, etc."

Suthol Tablets Stop Pain

PERRYTON, TEX. Mrs. G. V. Ryne, writes: "I am using Suthol tablets for dreadful side headaches and they act every time. My son uses Balmwort Tablets for kidney trouble and backache and he says it is a fine remedy, etc."

STUDENT PAPER STIRS FACULTY; EDITOR BARRED

Washington, Jan. 7.—One student already has been expelled and others are threatened with the same fate at George Washington university today as a result of faculty action against the students' publication, The Lash, which the university heads considered "indecent and obscene."

The expelled student is John R. Brommell, editor of the paper. In its most recent issue, The Lash printed an article making facetious comment about some of George Washington's moral habits while living at Mt. Vernon.

"This university carries the name of the Father of Our Country," said President William Mather Lewis, explaining the expulsion of the student editor. "The article in question was unpatriotic, besides being obscene."

The same issue of the publication, according to the faculty, carried an announcement that in the next issue would be presented the suppressed "Rhinelander love letters," which were described as "filled with seditious and leaving nothing to the imagination."

Brommell's friends are rallying to his support and threatening court action to compel his re-instatement.

STRESSMAN HAS REFUSED WILSON PRIZE FOR PEACE

Berlin, Jan. 7.—Herr Stresseman has refused to accept the annual peace prize of the Wilson foundation not because of animosity towards the late President Wilson but because it would be impossible for him to go to New York on the birthday of President Wilson to accept the prize, according to a statement made today by the foreign office.

The foreign office denied reports that Herr Stresseman had refused the prize because he charged that the late President Wilson had failed to insist upon his 14 points as the basis for a peace settlement.

The Nationalist press is making much of Herr Stresseman's refusal and is using it as a vehicle to arouse again old animosities, hailing the declaration as an act of patriotism.

LUCKY DOGS LOSE TO CANTON, 27-17 BY POOR SHOOTING

Jack Arts Show Plenty of Teamwork and Ability to Locate Basket.

TWO SALEM FIVES WIN THEIR GAMES

Tires Defeat Sebring 21-12 and Mullins Win From Lisbon, 39-12.

Salem teams won the preliminaries, but the Lucky Dogs went down to defeat before the Canton Jack Arts, 27 to 17, in the basketball carnival at the Municipal building Wednesday night.

In the opening game the Salem Tires took a slow game from the Sebring Independents, 21 to 12, and in the other prelim the Mullins five had an easy time with the Lisbon Orioles, winning 39 to 12.

The Dogs lost in defeat before a superior passing team. The Arts showed plenty of teamwork at every point in the battle, and the Salem five might well take a lesson from Rex McCordell's outfit.

Inability to locate the basket was the chief cause for the downfall of Salem. At least if the Dogs could have made part of their tries good, the score might have been closer. Canton shot baskets when they were needed; there was little wasted energy. Thus the Dogs seemed unable to do, and they lost.

The first quarter ended 8 to 1, with Salem on the small end; the half was 17 to 10, with Kelley the only member of the Dogs able to get the ball into the basket. The second quarter was much faster than the first and the Dogs partially got into their stride.

Excellent passwork on the part of Canton boosted the score to 21 to 14 at the end of the third quarter, and the last quarter, though tighter on account of better floor work on Salem's part, was still all Canton's.

Great defenses and wonderful offensive power won the prelims for the Salem league fives. The visitors were unable to penetrate the defense of the Salem teams and at no time were they dangerous.

At East Palestine last night the Salem Clerks won a close battle from the East Palestine Growers, 19 to 13. Lineups and summary of the Arts Dogs game follow:

LUQUE HAS EARNED RUN AND HARD LUCK HONORS

Reds Pitcher Loses More Games Than He Wins But Gains Distinction; Dazzy Vance Won Most Games and Pitched Only No-Hit Game; Grimes Poorest.

New York, Jan. 7.—In spite of the fact that he lost more games than he won, Adolfo Luque of the Cincinnati Reds, led the National League pitchers during the 1925 season in the matter of earned runs per game, according to the official averages made public today.

Opposing clubs got only 2.63 earned runs a game against Luques pitching, the Cuban being one of two pitchers who bettered an average of three runs a game. The other was Eppa Rixey, a team mate, who turned in an average of 2.89.

Bull Sherdel, the St. Louis left hander, topped the league in percentage of games won and lost with 15 victories and six defeats for a mark of .714, closely followed by Dazzy Vance, of Brooklyn, who won 22 and lost nine for a percentage of .709.

To Vance went the honor of pitching the greatest number of victories, while Johnny Morrison, of Pittsburgh, pitched the most games, 44; Pete Donohue, of the Reds, pitched the greatest number of complete games, 27, and the most innings, 301, and Ernie Osborne of Brooklyn, finished the most games, 14. Donohue was the only pitcher with as many as 300 innings to his credit.

Vance Struckout King Luque was far down the percentage table, winning 16 and losing 18, just one defeat less than was sustained by Burleigh Grimes, of Brooklyn, who lost the most games.

However, Luque lost no less than nine games by a single run, five of these defeats coming in a row. In addition to the earned run distinction, he gained a clear title to the hard luck honors.

Vance, Luque and Hal Carlson, of the Phillies, scored the most shutouts, four, while Vance again topped the league in strikeouts with 22 and hit the most batters, ten. Jimmy Ring, recently traded to the Giants from the Phillies, gained seven doubtful distinctions, which included the most bases on balls, 119; the most wild pitches, 14, the most hits, 325 and the most runs, 166. He also faced the most batters, 1,239.

Alexander Has Control Grover, Alexander, of Chicago, had the best control, issuing only 29 bases, while Jesse Barnes, lately traded from Boston to Brooklyn, hit his first batter since Sept. 16, 1922 when he nipped Buyer of the Pirates, on June 9. Grimes allowed the most earned runs, 138.

Vance pitched the only no-hit game, the Phillies being the victims. Hawks, however, scored a run and this player also spoiled Vance's no-hit effort in Dazzy's previous state against the same club. This made 18 consecutive innings against the Phillies with only one hit and one run scored.

Dazzy failed by 41 to equal his strike out record but had four big days, fanning 17 Cardinals in 10 innings, 13 Giants in another and twice fanning ten men. Donohue lost his first game to the Phillies since Aug. 27, 1921, when they beat him on Aug. 19, after losing 20 straight to him.

SCHAEFER WINS BILLIARD TITLE FROM HOREMANS

Chicago, Jan. 7.—"Young Jake" Schaefer today again has possession of the world's 182 balkline billiard crown.

With a grand average of 93.75 for the 15 innings Schaefer took to trounce Edouard Horemans, the Belgian cue ace, a new record was set up in championship billiard play. The final score for the three blocks was 1,500 to 890.

It was a different Schaefer from the man Horemans defeated recently. From the start on Monday until he had accumulated 1,500 caroms at the end of the third block, Schaefer outplayed his rival. This feat is also heightened by the fact that Horemans, himself, played far better billiards than the average. But the Belgian wasn't in the same class with Schaefer this time.

Great in the second block on Tuesday, Schaefer was even greater in the final block yesterday. His deftness and generalship enabled him to give a brilliant exhibition.

While Horemans' grand average was 55.63 against the Schaefer's record smashing, the Belgian made two high runs during the match of 243 and 231. Schaefer's highest run was 210.

The county basketball race will formally open Friday night when six schools clash in three important games.

Wellsville brings its two teams to Salem; East Palestine goes to East Liverpool; and Columbiana plays in Lisbon.

From that night on these six teams will play each other chiefly, with the usual number of non-conference games. It means the start of what promises to be one of the hottest and closest title races in county history.

Little dope is available on any of the six schools which might aid in predicting victories. Not until the race gets under way, and the material brought out more clearly, can any predictions be made.

Columbiana may meet its match at Lisbon, both Lisbon teams being stronger this season. East Palestine may not conquer East Liverpool but the two Brown outfits will assure the Blue they are in the race.

Salem is much interested in these games, inasmuch as the Red and Black meet Liverpool the following week, and Columbiana the week after. The Liverpool games are at the river city, making the scene even more desperate.

Friday nights games, however, are the chief interest of the moment, and fans, as well as the Red teams, ought not to regard the Orange as just two teams trying to get along.

Wellsville Stronger Wellsville has much stronger representatives on the court this year, teams which will cause county teams a little trouble. Zimmerman, Wellsville coach of last year, has given way to a new mentor, who, it is reliably reported, is shaping up some first class teams.

There is plenty of room for improvement at the Salem school, but fans must be patient for this takes time. Green material cannot be primed in a week or so, and it will take lots of steady plugging to accomplish the desirable smoothing running machines.

Last Saturday night, in a practice game, the Salem boys won from Damascus, 26 to 14. This alone shows the Boys have a long way to travel yet. Injuries and lack of veterans are things Coach Springer has to contend with, and he is doing well.

The Girls likewise are not the first class six of last year in some respects but like the Boys will be dangerous opponents after play is smoothed over. Coach Potter is expecting her girls to face a real battle tomorrow night, and has hopes that they will be able to acquit themselves.

First game, the Girls, starts at 7:30 p. m. Friday, the Boys game following.

Saved Her Two Boys Says Texas Mother

Mrs. Voss Wouldn't Take Million Dollars for What Dr. Thacher's Liver And Blood Syrup Did for Her Children

That Dr. Thacher's Liver and Blood Syrup is peculiarly adapted to build up weak and puny children and make them well and strong is conclusively shown by the following interesting statement made recently by Mrs. C. H. Voss, living on Route 4, Houston, Texas.

"I actually believe that Dr. Thacher's Liver and Blood Syrup saved the lives of our two little boys," declared Mrs. Voss. "They were both puny little fellows, always suffering from biliousness, and their food never did them any good."

"We had lost our oldest boy with the same trouble and we were terribly anxious about the health of these two and had almost given up hope of their getting well."

"One of our friends insisted that we give them Dr. Thacher's Liver

and Blood Syrup, which we did, and I can't tell you how happy I was when I saw the color coming back to their cheeks. They began to eat heartily, throw off their biliousness and in a little while they were as healthy and hearty as any boys of their age could be."

"My boys are now growing fast and are just the finest in the world, and I wouldn't take a million dollars for what this wonderful remedy has done for them. I keep Dr. Thacher's Liver and Blood Syrup in the house at all times."

Dr. Thacher's Liver and Blood Syrup is sold in Salem by The J. H. Lease Drug Co., Floding's drug store, and Bolger & French under the positive guarantee that your money will be refunded if the medicine does not benefit you.

MELVIN FORBES DIES SUDDENLY

Lisbon Resident for Many Years, Was Well Known Rail Engineer.

Lisbon, Jan. 6.—Lisbon residents were shocked Tuesday at the announcement of the death of Melvin L. Forbes, 55, of 1110 E. Main St., who had been suffering from pneumonia since last week.

Mr. Forbes, a well-known rail engineer, had been in the city since last week, when he came to visit his wife, Mrs. Forbes, who is a resident of the city. He was found dead in his bed at his home, where he had been suffering from pneumonia since last week.

He was born Dec. 15, 1870, at Lima, Pa., and had been a resident of the city for many years. He was a well-known rail engineer and had been in the city since last week, when he came to visit his wife, Mrs. Forbes, who is a resident of the city.

GEORGETOWN

Mr. and Mrs. Thomas Shively of Thelma City were week-end guests of Mrs. Mary Shively.

Mrs. Clyde Scarlett, little son, George and little niece and nephew, Odean and Kenneth Scarlett were guests of Mr. and Mrs. Peter Demmel of Alliance, part of last week.

guests of Clyde and Miss Stella Stackhouse.

Mrs. Elizabeth Galtbreath of Butler township, who is spending some time at the home of her son, Joseph Galtbreath, was a guest at the home of Mr. and Mrs. H. R. Greenstein on Sunday.

Mrs. Archie Reichenbach and little son, Kenneth, have been visiting at the home of her parents, Mr. and Mrs. Charles Snyder, of Deerfield.

Floyd Wallace of Homeworth, and Mr. and Mrs. J. C. Keister were guests of Mr. and Mrs. Earl Smith at Minerva on Sunday.

Mr. and Mrs. Jesse Shaffer and C. B. Mead were at Lisbon on Monday. Mrs. Schaffer is serving on the grand jury.

Ralph Wang, who had been working for the American Express company at Alliance, is now working as express messenger for the New York Central R. R. Co., between Alliance and Dillonville.

The Luther league social held at the Stackhouse residence last Friday evening was a delightful affair.

Blue Point, Me.—Despite the fact she recently observed her 101st birthday, Mrs. Mary A. Waterhouse rode four miles in an open sleigh in a blinding snowstorm to deliver a address here.

Fatal traffic accidents are decreasing in large cities and increasing in towns of 10,000 population or less. The reason given is better supervised control of traffic in larger cities.

MOTHER!

Child's Harmless Laxative is "California Fig Syrup"

Even constipated, bilious, feverish, or sick, colic babies and children love to take genuine "California Fig Syrup." No other laxative regulates the tender little bowels so nicely. It sweetens the stomach and starts the liver and bowels without griping. Contains no narcotics or soothing syrups. Say "California" to your druggist and avoid counterfeits. Insist upon genuine "California Fig Syrup" which contains directions.

Hair Beauty

Thick, Gleamy Hair in a Moment

Girls, Try this! When combing and brushing your hair, just moisten your hair brush with a little "Dandine" and brush through your hair. The effect is startling! You can dress your hair immediately and it will appear twice as thick and heavy, an abundance of gleamy, wavy hair, sparkling with life, incomparably soft, fresh, youthful.

Besides beautifying the hair, a 50 cent bottle of refreshing fragrant "Dandine" from any drug store will do wonders, particularly if the hair is dry, thin, brittle, faded or streaked with gray from constant curling and waving which burn the color, lustre and very life from any woman's hair.

Kensington Supply Directors Elected

The annual meeting of the stockholders of the Kensington Supply Co. was held in Falcott's hall at Kensington, at which time the 1925 business reports of all departments were presented. The year proved to be a satisfactory one for the company, although conditions at times were not productive of good business.

Directors elected for 1926 are: Franklin township: J. A. Wilford, L. E. McKarns and Harry McPherson, Hanover township: J. B. Saner, William Leeper and Joseph Stroupe, East township: Carroll county, Carey Gamble and John Ridgeway, West township: Emory Wickersham.

Officers elected are: President, J. B. Saner; secretary, E. O. Bowers; bookkeeper, C. W. Helm; sales manager, Melville Hole.

The Kensington Supply Co., is a co-operative business proposition, all stockholders being farmers in that community.

London, O., Charles J. Lanaster, 81, for 17 years the private barber of John D. Rockefeller in Cleveland, died here after a short illness from pneumonia.

Feel Splendid!

Nicest Laxative, "Cascarets" 10c

Don't stay head-achy, dizzy, bilious, constipated, sick!

One or two pleasant candy-like "Cascarets" taken any time will mildly stimulate your liver and start your bowels. Then you will both look and feel clean, sweet and refreshed. Your head will be clear, stomach sweet, tongue pink and your skin rosy.

Because "Cascarets" never gripe or sicken, it has become the largest selling laxative in the world. Directions for men, women, children on each box—any drugstore.

Marilyn Deneis She and Jack Separated

New York Jan. 7.—Marilyn Miller, Broadway musical comedy star, denied today there was any truth in the report that she and her husband, Jack Pickford, movie star, had separated.

The dancer said she believed statements attributed to her mother from Chicago were circulated by "people who have been annoying me." Marilyn declared the relations between

her husband and herself were "harmonious." Pickford is in Los Angeles, Marilyn said.

LEETONIA

On Tuesday evening the Leetonia Kiwanis club held the first meeting of the year with the new officers in charge. The president, Rev. H. C. Brillhard, presiding over this meeting, committees were named and work planned for the coming year.

The meeting was held in St. Paul's Lutheran chapel with dinner served

by the Priscilla club. The Leetonia High school football squad with their coach, R. W. Whinnery, were present as guests of the Kiwanians.

Mr. Whinnery gave a short address as did Robert Clifford and Dominic Bianco. All three talks were enjoyed very much.

Miss Sue Bixler, president of the Women's Missionary society of St. Paul's Lutheran church, called a meeting Monday evening of the executive committee of the society at her home.

469 Columbia st. Secretaries were chosen for the ensuing year.

Program committee, Mrs. E. E. Siler, Mrs. Elmer Harold, Mrs. I. F. Mellinger, membership, Mrs. Anna Thrasher, Mrs. C. J. Halverstad, Mrs. Mrs. C. S. Angleny, Mrs. James Elfe, secretaries annuity, life and in memoriam, Mrs. F. W. Floding, flower, Mrs. I. F. Mellinger; free will offering, Mrs. W. S. Groner; extension, Mrs. T. B. A Young Wife Learns the Truth!

A True Story Based on the Disillusionment of Mrs. Crisp As Set Forth in Her Letter Which Appears on This Page

MRS. Irene Crisp of Kawende, Manitoba, gasped in amazement when she saw her husband reading True Story Magazine. She had been led to believe that it was not a refined magazine, that in places it was indecent, if not immoral. And now to find the man she had married, reading "that awful magazine."

At her exclamation of shocked remonstrance he handed her the book saying: "My dear! Read every story in this magazine and then prove to me that a single one is immoral. It contains nothing but the experiences of human beings like ourselves. If we can learn by the experience of others, isn't that much better than having to go through it ourselves?" Taking his advice, she read it.

Search as she would she could not find a single word that was objectionable. On the contrary each contained a moral so powerfully driven home as never to be forgotten. Never had she been so entertained, so deeply moved, so wonderfully instructed. Today among the two and one half millions who read True Story none are more faithful in their support than Mrs. Crisp.

Yet there are still people who believe as this wife and mother once did. This is unfortunate, since an examination of any issue of True Story Magazine will quickly reveal its helpful, inspiring character.

Whether it be a story of joy or sorrow, of love or hate, of triumph or failure, it points a lesson of unforgettable vividness and dramatic power.

For Example, Take the February Issue

If Betty had not made the tragic mistake of seeking success at the price of her soul, she would never have had the terrible experience she frankly describes under the title, "Heart Break" in February True Story Magazine.

Or again, if Doris had known how easily a young girl may be fooled by men—she would have avoided the dangerous situation in which she found herself. Her own story, "Her Caveman Lover," appears in February True Story Magazine.

Yet these are but two of the seventeen big, helpful, inspiring features that have been brought together for you in the February issue of True Story Magazine.

Other Thrilling True Life Narratives Are:

His Misjudged Wife
When A Woman Loves
What Price Virtue?
The Unwanted Woman
When Men Betray
Faithless Men
When Souls Are Tried
Tongues of Flame
And 6 Other Big
Features

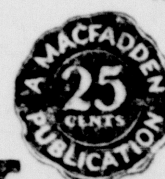

True Story Magazine for February is now on the newsstands. Its vivid, forceful, soul-stirring narratives will fire your imagination and grip your interest as only True Story can. Get your copy today.

You will like these three other thrilling Magazines—

"Dream World," "True Romances" and "True Experiences."

While each has its own appeal, they are filled with exactly the same kind of compelling realistic stories that has made True Story a favorite with its millions of readers.

Watch for True Story on the 5th, Dream World on the 15th, True Romances on the 23rd and True Experiences on the 1st of each month.

Don't be fooled by imitators! All Macfadden True Story Magazines have this seal in RED on the cover.

To her surprise he showed her that there was not a single objectionable word or sentence in True Story Magazine. (See Mrs. Crisp's letter in the panel below.)

TODAY'S RECIPES
Oyster Soup—One quart oysters, one cup boiling water, four cups milk, one cup top milk, two tablespoons butter, one and one-quarter teaspoons salt, one-eighth teaspoon pepper. Wash the oysters carefully, drain and examine for bits of shell. Place them in a sieve over a pan containing the boiling water. Cover closely and while they are steaming, heat the milk and top milk combined, add the butter, salt and the pepper and turn in the oysters and the water over which they were steamed as soon as the edges curl. Serve at once with oyster crackers. If a thicker stew is preferred melt the butter and blend two tablespoons of flour with it before adding to milk.

Prune Whip—One cup prune pulp after the prunes have been cooked and strained, beaten whites of five eggs (sweetened). Beat together until light and fluffy. Bake, served cold with or without whipped cream or a sauce.

SUGGESTIONS

This is the season for cranberries and one should make the most of them. A steamed pudding, for instance, made from a light biscuit dough with plenty of halved cranberries mixed in just before the dough is moistened. How many? One recipe calls one cup of halved cranberries to a biscuit dough made from two cups of flour, but more can be used if one loves the berries.

With such a pudding serve a rather liquid cranberry sauce made in the regular way—it is better than a liquid sweet sauce—and, of course the acid the cranberries possess is of additional value. Many women use cranberries in bread pudding too making a kind of sandwich, using either cranberry jelly or uncooked halved cranberries between slices of buttered bread. Bake the pudding quite

slowly, especially if uncooked cranberries are used, and remember that if they are a little additional sugar will be necessary. Cottage pudding, too, may have cranberries either dried and added to the batter or beaten right into the batter itself.

LATEST IN STYLE FOR WOMEN

LATEST DICTATES
Paris, Jan. 7.—Riviera clothes mean Palm Beach ones on this side of the pond and include a large variety of things for the chic woman who is lucky enough to be able to escape a Paris winter.

To begin with there are of course the travel wear and the new models mostly in tweed or kasha. A very smart two piece costume noticed on the Blue Train not long ago was trimmed with painted leather and silk and was accompanied by a kasha cape with the collar and cuffs matching the trimmings of the dress. An attractive jumper dress for traveling is edged with the same work that comes just above the jumper ruffle.

The two piece frock will be one of the favorites for the South. The new models carefully hide the fact that they are made in two pieces, for the bottom of the jumper is made to resemble a belt. They come in crepe de chine and light wool kashas in all the new shades. Madame Pierat is wearing a charming one in rose pink crepe in her new play of "Robert et Marianne" at the Comedie Francaise.

There is not so much white to be seen this year. It will be a season of all colors on the Riviera. A tomato brick red is one of the chief shades in vogue. Many red dresses with coats to match and hats of a darker shade are to be seen on the Promenade and at the afternoon tea-dances.

There are also many wine colored frocks with gold painted kid leather cuffs and collar. All shades of green and light sage tones to deep spinach are to be seen. Blues will be worn and some yellows. A new shade of steel grey is used with silver leather collar and cuffs and trimmed with a silver buckle. It is a pleasant change offered by Lucien Lelong. Pastel tones of rose in kasha and saiga are very fresh for warm days.

Dinner frocks for the Riviera will be of chiffon or georgette, full in line and graceful in movement. Some of them have a closely-fitted bodice of embroidered lame material with a floating chiffon skirt. They are simpler than the ones worn usually in Paris, with only a flower or simple jewel ornament.

Unity Township Will Pave Secondary Road

Unity township trustees have filed a resolution with the county commissioners asking for \$1,000 under the Green law for the improvement of their No. 1 secondary road system, which extends from the East Palestine-Petersburg rd to the Unity Union rd.

The township itself will put \$1,000 into this project and the property owners will also pay \$1,000, giving a total of \$3,000 for this road improvement.

New Castle—The new swimming pool in the Westminster college gym will be completed and ready for use about Jan. 15, it is announced. The pool will mean the introduction of aquatic sports at Westminster for the coming semester.

Embroidery Lends Appeal

Black, Which Is a Favorite of the Winter Season, Boasts Colorful Detail in Floral Pattern.

There is much to be said for simplicity of line, and there is also much that appeals to youth in the use of embroidery that brings beauty to the frock which is worn to the tea or luncheon.

Rita Carewe, who appears in the First National film, "Joanna," has selected a frock of delightful simplicity for several of the picture's scenes. Miss Carewe's gown is designed along straight lines and denotes a natural waistline which is graced by a scarf of the black crepe silk, and tied simply at one side.

Embroidery, which plays such a successful part in bringing youth and charm to the costume, is prettily patterned in floral design above the hem, at the end of the very full sleeves, and at the very new and very high neck.

Black has had a return to favor this season in velvets, silks and laces. The simple two-piece frock of velvet achieved a distinct success and was particularly fetching when trimmed with golf kid or braid.

Black velvet, in the princess type of gown, also found favor in smartly dressed circles, while black velvet in the severe evening gown which boasted an intricacy of cut, and black lace, richly embroidered, brought beauty to the formal gown.

With the return of black to a midseason popularity, its success is doubly sure when combined with colorful and distinguished embroidery.
